The college magazine is now
looking for students to
become part of the editing team

First meeting 1pm Wednesday Afternoon in
C0.15

Priority booking now open!

Join us for our first ever enrichment special

EDITH

This portal was shut down after one of our researchers never returned. We know that the portal has landed in 1872 in an old dressmakers workshop.

We need to find out what happened to her, but we've heard screams coming from the portal and we're too scared to go ourselves.

Wednesday

29th November

Limited Places

Sign up in B0:07

From Monday

16th of October

TOMMY

Tommy has established itself in 1917, somewhere in the midst of the Western Front.

Situated within an allied forces military bunker on the front lines. There is slight possibility that the portal may malfunction, once you have made your crossing. In which case, you'll need to work together to repair the portal whilst also ensuring your safety from impending German forces.

Travelling by mini bus to Derby at 12.30pm returning in time for buses at 4pm
(bring your packed lunch!)

For just 20 of your Great British pounds, you will get the experience the Gold package at Unescapable which gives you the opportunity to travel through time AND have a team building workshop too! What more could you ask for?

Want to glimpse a little more of the professionals we'll be working with??
